

UNIT 1 INTERESTING LIVES.

In what way is the life of an Astronomer interesting?

The life of an **Astronomer** is interesting because they study planets and the sun in our solar system, stars, galaxies and the whole universe.

Do you know any interesting people? Why are they interesting?

I believe my cousin has an interesting life. He's a musician and he travels a lot. He recently won a scholarship to go to the States and continue with his musical career.

Do you know anyone that other people should get to know?

You really should **get to know** my brother Ramón. He's a soldier and he is working in Mexico City. During this pandemic is helping to share the vaccines around the country.

Why did he want to go to South Korea?

His mother is Korean and He's always been interested in the culture.
